Since the mobile phones have smaller screens, you are advised to check the workshop descriptions on the event webpage or the program booklet. Please make your plan of workshop attendance before you start registering in the application.

IMPORTANT NOTICE!!!

There are parallel workshops throughout the event.

On **DAY3** there will be one round of workshops with 7 parallel “single” (i.e., short) workshops. So, on Wednesday you may only choose 1 “single” workshop. Most of these will be repeated on **DAY5**.

On **DAY2, DAY4 and Day5** there will be two rounds of workshops with parallel 4 “single” and 3 “long” workshops.

- “Long” workshops have part1 and part2. In case you register to a “long” workshop you will participate on one longer workshop for that day. These workshops will not be repeated during the week.
- “Single” workshops will be repeated during the week, so you may have the opportunity to participate these at two different days. In case you register for “single” workshops that means you will participate on two shorter workshops on a particular day.

As you see you have 2 options when registering to workshops on **DAY2, DAY4 and Day5**:

1.) Option 1

You may choose 2 “single” (i.e., shorter) workshops - one in the morning (1st workshop round) and another one in the afternoon (2nd workshop round),

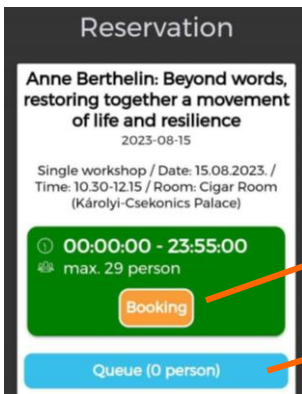

OR

2.) Option2

You may choose 1 “long” (i.e., longer) workshop which will be held in 2 slots: Part1 in the morning (1st workshop round) and Part2 in the afternoon (2nd workshop round).

Registering for a “long” workshop means you book both part1 and part2 at the same time.

	Option1	Option2
1st workshop round	Your 1st "single" workshop	Your "long" workshop part1
	BREAK	BREAK
2nd workshop round	Your 2nd "single" workshop	Your "long" workshop part2

Since workshops have limited attendance, you will be able to see if there are any free seats for the workshop or you may join the waiting list but this will not guarantee your place.
